Weekly Bible Text: "I have placed my rainbow in the clouds. It is the sign of my covenant with you and with all the earth. When I send clouds over the earth, the rainbow will appear in the clouds, and I will remember my covenant with you and with all living creatures. Never again will the floodwaters destroy all life." Genesis 9:13-15

Thoughts for the week: "The tongue can bring death or life; those who love to talk will reap the consequences." King Solomon Proverbs 18:21

Show & Emergency Days!!! Ever wonder what to do when you see the white stuff outside? The best way to know if we are opening late or closing, is to check your local news channel. We found that channel 8 and 12 are the best. They update their info more quickly than the others. Also if you are going to go on-line we have a new link for you to take a look at. **PDXINFO.net** this is where we report our information so it is the quickest way to get it. Just scroll down to private schools/Salem area. Also KBZY.com has the info and their screen refreshes every 10 min. The radio is also a good resource. Some of the stations to listen to are; KZBY 1490 am, KYKN 1430 am, or KXL 750am. They will have all the information regarding what is

happening with our School listed under Private Schools. **If they don't have anything, then that means it's a normal school day.** We try to have our information posted by 6:00 am. On bad weather days we won't always be able to have someone at the school to field phone calls, so please check the above resources as your first choice.

EXTRA EXTRA Read All About It.....You can subscribe to have www.flashalert.net notify your cell phone via text or email when LAA posts a message regarding a school delay or closure. **It is great. This works for weekend events as well that may be cancelled due to weather.** If you have signed up for this service in the past, you do need to verify your information once a year.
