Weekly Bible Text: "Fear of man will prove to be a snare, but whoever trusts in the Lord is kept safe." Proverbs 29:25

Thought for the week: "Only you can be yourself. No one else is qualified for the job."

Last night was back to school night. We had a great time. The kids had so much fun showing their classrooms to their parents. If you missed it, home and school handed out a magnet calendar and school directory. You are welcome to stop by the office and pick one up. We have one per family.

Scared of the swine flu? Wondering what the school is doing about it? Well, On Wednesday Marion County Health Department had an in-service on what schools should do regarding the expected outbreak. I had the privilege of going. I learned a lot. The biggest thing is that we will not be closing school unless it is very extreme. Our policy at LAA is the same as it has always been: if your child has a fever they may not be at school. They must be fever free, without medication, for 24 hours before returning to school. Having this policy is the best way to prevent the spread of the flu. I have a handout from Marion County health if you would like to stop by and pick one up. I will also see about getting it on the website. You can get to the Marion County website at www.co.marion.or.us/ht/ I think you will find this website helpful for finding out facts about this years flu season. They say it will be updated daily as the information changes daily. ☺

The Kindergarten class has been busy, on Wednesday they made paper airplanes and the kids got to fly them to see how far they could go. They are also learning one of Teacher Jody's favorite Bible Galatians 6:9 "Don't get tired of helping others." They are talking about how to be good friends.
